ABOUT

Luminary Studio is a private space for hire, and a collaborative events studio in the heart of Lewes.

Our newly renovated spaces over two-floors have been designed as the perfect backdrop for location shoots, workshops, events and experiences across photography and film, fashion, art, wellness, food and the creative industries.

When hiring the space, you'll have full use of the studio and all of its amenities to make your event stress-free and magical. We can also support your event with our catering partners.

EVENT SPACE

SHOOTS

Full service photography and film location with natural light and photographic studio equipment available. Two floors of beautiful interiors and vintage furniture hire.

WORKSHOPS

We have an extensive network of creative and well-being specialists who will bring in-person workshops to the studio. We can also tailor a creative day to your needs.

AWAY DAYS

Co-creating is vital to unearth the solutions our industry needs. Step into our purpose built space for tailor-made creative days, future trend, colour and brand days.

EVENTS

We partner with like-minded individuals and brands to support your event, gathering or launch. Clients have full access, contact us to discuss your full requirements.

GATHERINGS

From creative workshops to corporate design events, a pop-up supper or product launch: community and collaboration are at the heart of Luminary Studio.

DESIGN

A studio renovation with sustainable building practice at its heart, using found & reclaimed materials throughout.

Our new studio is housed in a four hundred year old converted coaching Inn. Anna and Iain have used reclaimed materials throughout, including flooring salvaged from an old textile mill in Manchester, slate counter tops from an old snooker table, reclaimed oak panels, vintage quilts for curtains and vintage furniture, tabletops and tiles.

We have partnered with *Little Greene Paint Company*, using non-toxic paint colours throughout. Anna designed bespoke tiles with *Mosaic Factory* and in the kitchen we have *Dualit* appliances in a colour created by Luminary.
